## Hope. Mobility. Freedom.

Providing wheelchairs to those in need for 25 years

### Our Mission

The Wheelchair Foundation is a nonprofit organization leading a global effort to raise awareness of the challenges faced by people living with physical disabilities, promote the joy of giving, foster friendship across borders, and provide a wheelchair to every child, teen, and adult in need. For these individuals, **we bring hope, mobility, and freedom.**

### The Need

An estimated **100 million people** worldwide need wheelchairs, yet **fewer than one percent own or have access to one.** The true number is likely far higher, as many “forgotten” individuals with disabilities remain unseen and uncounted.

### Mobility

Mobility opens the door to independence and opportunity. A wheelchair allows a child to attend school, an adult to work and support their family, and an elderly person to rejoin community and family life after years of isolation. This simple gift **restores dignity, hope, and a renewed outlook on life.**

### Action

The Wheelchair Foundation purchases wheelchairs in bulk, making it possible to provide them at a fraction of the usual cost. In the United States, a wheelchair with similar features costs over \$500—but through our program, **just \$200 sponsors a wheelchair for someone in need.** Shipped in containers of 260 - 280, these chairs reach our trusted distribution partners around the world, delivering mobility and hope where it's needed most.

### For More Information

If you'd like to sponsor a full container of wheelchairs for a specific country or join a distribution trip, please contact our **Operations Department at (925) 736-8234.**
